A sure foundation comes from planting the Word of God in your heart.

A Sure Foundation

Have you ever prayed and believed God for something but been frustrated with the results? I would say that probably most Christians have. Of the many I talk to, I find a common problem: They've never planted the seed of God's Word in their hearts. They don't understand how it works. It's like a woman who prays to get pregnant but hasn't had a relationship with a man; there's not going to be a baby. In the spiritual realm, it works the same way.

Somebody might say, "Don't I have to believe I receive when I pray?" That's according to Mark 11:24. And yes, it's true: You have to believe you receive. But before you can *receive*, you have to *conceive*.

Here's what I mean: **Nearly all systems that people have created can be cheated or manipulated.** The legal system can be beaten, letting the guilty go free. The educational system can be beaten, passing students who haven't really learned the material. **But the process of seedtime and harvest can't be undermined.**

What if a farmer waited until he saw his neighbours reaping their crops before he sowed his seed? Regardless of how sincere he was or the justification for not sowing his seed at the proper time, he would not reap a crop overnight.

In Mark 4, the Lord taught three parables to illustrate how this works in the spiritual

realm. The first of these parables, the story of the sower, is the key to unlocking all the others (Mark 4:13). If we don't understand these truths, Jesus said that we won't understand any of His other parables.

In the second parable, Jesus said,

So is the kingdom of God, as if a man should cast seed into the ground; And should sleep, and rise night and day, and the seed should spring and grow up, he knoweth not how. For the earth bringeth forth fruit of herself; first the blade, then the ear, after that the full corn in the ear. But when the fruit is brought forth, immediately he putteth in the sickle, because the harvest is come.

Mark 4:26-29

The seed is the Word of God (Mark 4:14), and the ground is our hearts (Mark 4:15). Our hearts were created by God to bring forth fruit when His Word is planted in them. Just as a seed has to remain in the ground over time to germinate, the Word of God has to abide in us if it's going to bring forth fruit.

Jesus said in John 15:7,

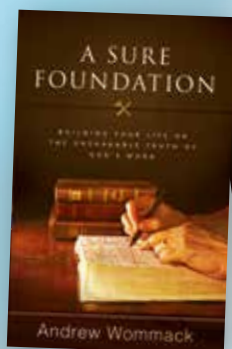

If ye abide in me, and my words abide in you, ye shall ask what ye will, and it shall be done unto you.

If you want to receive a harvest, you can't plant a seed in your garden and then dig it up every morning to see if anything is happening. It would kill the seed! You have to have faith that the seed is doing what God created it to do. Some people put God's Word in their hearts for a day or two, but **if they don't see fruit almost immediately, they dig up the seed through their words and actions** and then wonder

why it didn't work. It must be left in the ground over time.

Jesus talked about three different stages of growth in Mark 4:

*First the blade, then the ear,
after that the full corn in the ear.*
Mark 4:28

Many people are impatient, wanting to bypass the growth cycle and get the full ear right now. I've actually had to tell people that what they were believing God for was not going to happen; not because the vision wasn't good, but because they were expecting a complete ear of corn immediately. God's kingdom operates on laws, like the laws that govern how a seed works. **God will not give you the full ear of corn if you haven't first seen the blade.**

This is precisely the reason that most people don't see God's best come to pass in their lives. They think that since God loves them, He will just grant their request regardless of whether they put the miracle of the seed to work or not.

This law of seedtime and harvest operates in every area of our lives.

If we will plant God's Word in our hearts and then allow the seed to germinate and the plant to grow to maturity, we will reap the fruit of a harvest. That is God's best!

I cannot tell you strongly enough how important it is that you know God's Word and that you plant the seed of His Word in your heart long before you need a harvest. **It could mean the difference between prosperity and poverty or even life and death.** I can say that when God quickens the Word to me and I know God has spoken to me, that is the greatest thing that I've ever experienced. It's the reason I've experienced the miracles, financial prosperity, joy, and peace that I have. You need to understand these truths.

My teaching series, *A Sure Foundation*, will go into much more detail than I can here. I've got a CD series, a DVD series, and a brand-new book on this subject. I'm also offering a package with the CD **or** DVD series, book, and my *Living Commentary* Bible software as a download, all for £70. I encourage you to order these materials today. I believe the revelations they contain will change your life the same way they did mine.

To order, go to awme.net/sure, call our Helpline at +44 (0)1922 473 300, or complete the enclosed order form and post it in the envelope provided.

AQUAPONICS Program Cultivates Innovation

Situated on the campus of Charis Bible College Woodland Park is a rustic, seemingly empty cabin. This is no abandoned building, however. It is the home of the ministry's aquaponics and sustainable living laboratory, managed by full-time volunteer and second-year student Matt Rowe. Inside the cabin, leafy vegetables and silvery fish flourish together in an integrated aquaponics system.

In aquaponics, fish waste fertilises the plants, while the plants filter the water for the fish. "Aquaponics is based on symbiotic relationships—the fish need the plants, and the plants need the fish," says Matt.

Program leaders hope the scientific lessons learned in the laboratory may be used to improve lives. "The exciting part is seeing how God is going to [change lives] through the work that we do—and how many people's lives are going to be changed by hearing the Word," Matt adds.

The aquaponics and sustainable living project developed from the vision of Mark Rowe, Matt's father and the director of Discipleship Evangelism Missional Outreach (DEMO), a division of Andrew Wommack Ministries. On behalf of AWM, Mark spent time in Uganda helping to disciple church leaders as well as to dig wells and provide clean water resources. Mark saw the need for sustainable food resources in this region where poor soil quality has resulted in poor crop production.

After learning that aquaponics could be used to grow crops with minimal water and without fertile soil, Mark saw an opportunity. An aquaponics lab at Charis could be used to discover solutions in delivering sustainable living techniques to developing countries. In late 2016, the cabin was remodeled to house the aquaponics system. Since then, a variety of sustainable living experiments have been

added, including worm farming, solar energy, and rocket stoves.

As Andrew wants to share the Gospel free of charge, one of DEMO's goals is to provide information on sustainable living techniques for free via social media. Another goal is to convert knowledge of sustainable living methods into a deliverable format for developing countries. "Our vision is to build a 'toolkit' of knowledge to [educate] and inspire people who need it the most," says Matt. The third goal is to make kits commercially available in the U.S., which would generate funds for overseas missions. "We would like to create revenue streams so that we can do more to empower communities in developing countries," Matt explains. All these goals are advancing under Matt's direction.

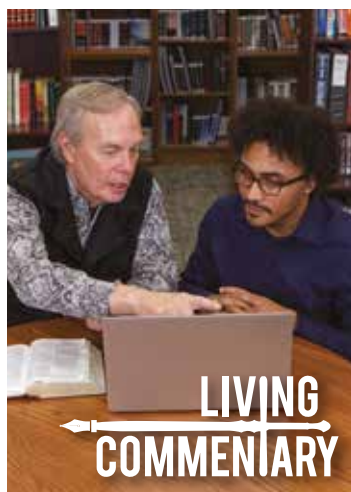

DEMO's motto, "Give them the Word; teach them to fish," reflects Andrew's heart to disciple people first, then work to meet their material needs. For example, DEMO has translated the 48 lesson Discipleship Evangelism course into over 30 languages, representing the "Give them the Word" intent. The aquaponics and sustainable living project represents the "Teach them to fish" intent.

This breakthrough program was made possible by the partners of Andrew Wommack Ministries. "Our partners have been a real blessing to this project, and it is because of their contributions that this cabin was renovated and made fit for [this] purpose," says Matt. The impact from partners' generosity will likely be felt around the world.

To join with us in these efforts, prayerfully consider becoming a partner with AWM. Without partner support, we wouldn't be able to pursue all the opportunities God brings us. Go to awme.net/grace to find out more.

Whether you're new to studying the Bible or a seasoned Bible scholar, you'll gain a deeper revelation of the Word from a grace-and-faith perspective.

Here's what one *Living Commentary* user has to say:

"I've recently purchased Andrew's *Living Commentary*. This commentary has propelled me forward in clarity and understanding of the Word in a way second only to the baptism of the Holy Spirit in my life. You don't have to be a theologian to use this. I would be further ahead if I had gotten it sooner!"

Andrew himself says, "In 50 years of ministry, I believe this is the most important thing I've ever done. I truly believe the *Living Commentary* is my legacy."

AWMPACT DEMO

Millions die annually from waterborne disease, making it a leading cause of death worldwide.

AWM partners are doing something about that through the efforts of Discipleship Evangelism Missional Outreach (DEMO). DEMO has drilled 11 water wells and distributed 90 community water filters across the arid region of Karamoja, Uganda, providing clean drinking water to thousands.

One grateful woman explained that before the well, locals had to dig down into the riverbed to find water. If there was water in the river, it was often contaminated with typhoid bacteria, and many died from poisonous snakebites. Children crying from thirst were being stung by bees that landed on their faces to drink moisture from their tears.

"But now," she said, "because of this borehole [water well], no one has to dig in the river. No one is dying from snakebites or typhoid, [and] the children are no longer being stung." Praise God!

As an AWM partner, you are meeting discipleship needs - spiritual *and* physical - across the globe. Thank you!

Greetings. I just wanted you to know what Andrew Wommack's ministry has meant to me over the years. I love the daily broadcasts and all the resources on the website. Right now, I'm listening to the healing scriptures recording. God bless you all!

D.B.

Hi, Mr. Wommack, I have just discovered you on YouTube after praying for God to direct me to a preacher [who] is not afraid to preach the whole Word of God. What a blessing your website is, so many wonderful teachings; it is a feast for the mind, body, soul, and spirit. Thank you so much for making them free to download. I am in a similar situation as you described as far as finances go . . . You are such a blessing to so many people, and I am sure that with your teachings, I can get back on track with God. Words cannot express my gratitude to you and your team for the free

teachings. My heart sunk so many times because I haven't been able to afford the teachings that could help me with my walk with God. . . . I want you and your team to just know what a blessing you are to me and, I am sure, [to] many people all over the world. Sending prayers and blessings to you all. Shalom. Kind regards.

D.L.

I've been greatly encouraged with your teaching, and now I follow Jesus diligently without the fear and condemnation of sin.
