THE Power of a Testimony II

Back in September, I wrote a letter talking about the power of testimonies. Specifically, I shared testimonies about healing. The reason this is so important is because for many of us, we need to hear that somebody today is experiencing what the Word says. It helps us realise that what God has promised is attainable. Healing hasn't passed away with the last apostles.

So, I want to continue sharing testimonies that will build you up. Listen to the words of the Apostle Paul:

And now, brethren, I commend you to God, and to the word of his grace, which is able to build you up, and to give you an inheritance among all them which are sanctified.

Acts 20:32

When grace is properly understood and received, it builds you up to receive the inheritance God has provided for you.

Instantly Healed

Dealing with constant pain and loaded up on medication, Lance Weldgen walked gingerly into his local coffee shop. His doctors called his condition fibromyalgia. Lance called it torture. Lance noticed a couple—Mike and Rose Gonyer—sitting across the room, studying their Bibles. He mustered his strength to walk over and strike up a conversation. As Lance returned to his seat, the Gonyers noticed his pain. “I went over to him and told him I could tell he was in a lot of pain,” Mike recalls. “I asked if he would share what was going on. After he told me, I invited him to Charis Bible College, where Rose and I were students.”

After attending four classes, Lance was led into an empty classroom where Mike and Rose began praying for him.

Lance wasn't prepared for what happened next: “Mike and Rose began praying for me—but not the kind of prayers I'd ever heard before. They spoke directly to my body, telling the fibromyalgia and pain to leave, and then rebuked a spirit of sickness.” Mike then told Lance to stand up and asked how he felt. “I noticed I didn't have to grab onto anything to stand,” Lance recalls. Lance stood straight up and mentally scanned his body. One thing was noticeably missing—the pain!

God Is Gooder Than You Think

When Mike and Aster Mullins learned that their one-year-old son, Andrew, had stage-four cancer, they tried everything from doctors to prayer chains on Facebook to get him healed. But instead of him getting better, he only grew worse. People around them began to tell them to let their son go. “I said, ‘I'm not ready to let my son go,’” Aster says. “‘I'm not ready to let my little boy go.’”

With up to 4,000 praying for Andrew, the Mullinses thought they were doing exactly what they needed to do. “Would God listen if we got 10,000?” Mike remembers asking. But knowing that time was running out and nothing was working, they thought they should try a different approach. “Our prayer, I think, really changed to, ‘God, please teach us how to pray.’”

In answer to their prayers, someone sent them Andrew Wommack's teaching *God Wants You Well*. “As we listened to this message, driving to Crumlin Hospital in Dublin for the next round of chemotherapy, something resonated in the message he was speaking,” Mike says. “He was clearly pointing us to the Word of God.” Now it was time to stand.

YOUR BODY • GOD'S TEMPLE

HEALING IS HERE

WOODLAND PARK, CO • 2018

Sickness and disease are commonplace in our fallen world. But because of our Saviour who died for us - a God who still heals today - we can walk in divine health as He intended! Learn from Andrew Wommack and others how to live and minister healing through these teachings from the 2018 Healing Is Here Conference.

Mike explains, "We just got [our son]. We put our hands on him because the Bible says in Mark 16 that these signs will follow those who believe. You will lay hands on the sick and they will recover."

After their son Andrew was tested, the Mullinses received word that his bones—all of them—were cancer-free! Shortly after that, all of his organs were clean as well! Mike says, "We had learnt how to pray with authority and it worked. . . . [And now] we want to tell others, 'God is good. He's gooder than you think.'"

From Depressed to Blessed

The challenges of pastoring had taken a toll on Gary Piercy, and he could no longer ignore it. After being referred to a Christian doctor, he was diagnosed with classical clinical depression and given a prescription to treat it.

After being in and out of ministry for years and dealing with his fourth episode of depression, a Christian psychiatrist told Gary he would be on medication for the rest of his life. This was a condition he accepted, returning to the doctor every six months for an update and to renew his prescriptions.

But in 2018, Gary heard about our Healing Is Here Conference in

Colorado. He was asked by one of his congregants to simulcast it, and he explains what took place as they watched. "On Friday night of the conference, toward the end, the speaker, Audrey Mack. . . . invited everyone who wanted healing from mental illnesses to stand. . . . So, I stood. Aside from the tingling in my head, I did not sense any other sensation."

Since that night, Gary has not had to take medication for depression. He doesn't even have any symptoms of depression. "I feel great and am convinced the Lord has healed me of the chemical imbalance that caused my depression!"

Awesome! I pray this has been building you up to receive your healing. Once you receive, you'll have a testimony like these people, and no one will be able to talk you out of it. It's yours. One of the things I do to keep what God has done fresh in my heart is rehearse them. There's hardly a day that goes by that I don't do this with what God did in my life on 23rd March, 1968. It's still as fresh to me as when it happened. And that's been over 50 years! I believe it's one of the reasons I continue to see miracles in my life today.

You can start your journey to healing today with the CD set, DVD set, or USB flash drive of the 2018 Healing Is Here Conference. It was powerful! You can't microwave your miracle. There usually is a period of time between when you say "Amen" and "There it is." But you can shorten the time it takes to receive. What took place at Healing Is Here last year will help you! You can get it for £40. To order, go to **awme.net**, call our Helpline at **+44 (0)1922 473 300**, or complete and return the enclosed form. I know you will be just as blessed as those who were here to experience it!

We love you,

Andrew and Jamie

KINGDOM Youth Conference:

Be Transformed!

An exciting time in the Word and presence of God awaits the younger generations. Join us for the Kingdom Youth Conference being held at Charis Bible College in Woodland Park, Colorado, on 2-3 August! Special event speakers include Todd White, Joseph Zupetz, and Ryan Edberg. Andrew Wommack will also be giving a special message to the youth leaders.

With the theme of “Be Transformed!” students and young adults alike will learn about their identity in Christ through being renewed in their hearts and minds to the truth. Youths aged 12 to 25 will be taken into God’s presence through powerful worship and dynamic teaching. Young men and women will be equipped to live out who they already are in Jesus.

Here’s what people are saying about KYC events:

“Kingdom Youth Conference is so good for you as a youth leader. It is a place where you can come and be refreshed and recharged, while your youth are being ministered to and playing games and having a great time. The bands are off the hook. They have great worship. They have great concerts—technology like you’ve never seen before in a concert. It is awesome!”

— Youth leader

“This is my first time attending the Kingdom Youth Conference with our youth group. I’ve seen our youth step out of their comfort zone and actually engage in worship and engage in listening to all the speakers who brought the Word. In my life personally, it refreshed me as a leader.”

— A.

“I love Kingdom Youth Conference because you really have a group of pastors and bands who are truly here to share the Gospel with young people. They want to see people come to Jesus. They want to see these young people become disciples for Christ. As a youth pastor’s wife, it’s really nice to see hearts changed—hearts that had been hardened for a very long time. God has moved, and He’s broken down walls.”

— J.

Are you a youth pastor or a youth leader? Come out with your kids! They will learn what it means to be a disciple of Jesus, and you, as a leader, will be encouraged as well.

Tickets for the event are available for purchase at \$40 until 28 February. From 1 March to 31 May, the price will be \$45. Then it will be \$50 from 1 June to 1 August. At-the-door pricing will be \$55. Charis is hosting this special youth event for the *first* time, so get your tickets now! Your youth will be challenged with kingdom thinking and empowered to live a kingdom lifestyle. This is going to be an event like no other!

For more information and to register, go to kingdomyouthconference.com. It’s going to be a very special couple of days.

THE Weekend of EPIC Proportions!

On 2-4 November, 2018, we celebrated the completion of the 150,000-square-foot, 3,200-seat auditorium at The Sanctuary in Woodland Park, Colorado! Six years prior, there was absolutely nothing on the property, which now has over \$75 million worth of debt-free buildings and a \$21 million parking garage.

Thousands enjoyed the events of the weekend that Andrew described as one of the best times of his life.

The celebrations began on Friday with the premiere of the phenomenal musical *David: The King of Jerusalem*. Written specially for the dedication weekend, the production by Robert and Elizabeth Muren was a captivating combination of theatrical stage production and an interactive LED backdrop. It journeyed through the life of David, an overlooked shepherd boy who was always seen by an unseen God. The world-class production is truly a must-see!

The next day, Saturday, was dedication day! Guests were treated to spectacular music by the Charis Worship team, Jamie Wommack, and renditions from *The Heart of Christmas* and *God with Us* productions.

In Andrew's welcome address, he glorified God for allowing the timely completion of The Auditorium despite many challenges in the four-year construction period. He pointed out that the celebration was not about an individual but a testament to God's goodness. The joyous occasion was graced by many notable guests, including the wife of the deputy president of Kenya, Her Excellency Madame Rachel Ruto.

Jesse Duplantis spoke at the afternoon session and with his usual wit as he shared on the topic "What You Do in Life Echoes into Eternity."

Kenneth Copeland later performed the official

auditorium dedication at the evening session. The agile 82 year-old started off by honouring God with two strong vocal renditions. He prayed and spoke a blessing over the new building, as he dedicated it to God, before sharing a powerful message on faith.

The weekend's activities culminated on Sunday with Truth & Liberty's *The Event*. Andrew Wommack and Tony Perkins of the Family Research Council hosted former governor Mike Huckabee and other influential leaders two days before one of the most pivotal midterm elections in modern history. They gave the clarion call to Americans to pray, vote, and take a stand for righteousness. The live and internet audiences enjoyed the live simulcast reporting from FRC Action's Values Bus Tour in California as well as a Q&A session. The momentous occasion was thereafter broadcast on several national television networks.

If you missed The Auditorium dedication ceremony or Truth & Liberty's *The Event*, you'll find the recordings on **awmi.net/dedication** and **truthandliberty.net/archive** respectively.

Thank you, partners, for making this possible; we couldn't have done it without you! And the best is yet to come!

HE'S Got Us Covered!

The debt-free completion of The Auditorium last year was awesome - thank you, partners and friends! It's created so much more room for growth, as more people can come to The Sanctuary to get built up, healed, delivered, and equipped to take the Gospel further and deeper.

During the course of this praiseworthy expansion, however, the city of Woodland Park placed restrictions on further building permits until the long-standing parking issue was addressed. This restriction threatened all construction at The Sanctuary, even completion of The Auditorium, and necessitated the quick call for the construction of the parking garage.

In April 2018, groundwork began on the \$21 million, 350,000-square-foot, five-story (four covered), 1,022-car parking garage that now adjoins The Auditorium. Prior to this, most of the parking at The Sanctuary was unpaved, and students and guests had to either board shuttle buses or walk a quarter of a mile to the buildings.

But, praise God, He's got us covered! With the completion of the garage expected in a few weeks from now, the ministry can continue to run with the expansion vision without the previous restrictions. The new garage will eliminate the use of shuttle buses (and associated waiting periods) for transportation, as well as people walking to and from the unpaved parking in unfavorable weather conditions. And many can have their cars protected from the elements by taking advantage of the four stories of covered parking.

We sincerely thank our partners and friends who joined hands with Andrew to make this a reality. It's not too late for you to be a part of this! Even though the construction of the garage is almost complete, we are still in the process of knocking out the debt that was incurred due to the urgency of the construction.

For more information on the garage, please visit **awmi.net/garage**. To help Andrew pay off his loan, please visit **awme.net/give/donate/USOBD** or call **+44 (0)1922 473300**.

Thanks for being a part of this! Together we are making a difference in eternity.
