Changing lives by establishing Bible schools throughout the world

WORLD OUTREACH

FOUNDATIONAL TRUTHS

“IT TAKES TIME FOR THE WORD OF GOD TO SPRING UP AND START WORKING IN A PERSON’S LIFE.”

When Charis Bible College was founded in 1994, one of its first classes was titled *A Sure Foundation*, taught by Andrew Wommack. This course was meant to be the gateway into the teachings of the college, a starting point for its students to begin believing in the integrity of God’s Word.

“This is what the Bible school is all about,” Andrew says. “The Word of God is to the Kingdom of God the way that seeds are to this universe, so this is what Charis is based on, this is the foundation of what we do.”

In 2018, over 22,800 people signed up to receive the online class *A Sure Foundation*, free of charge. This teaching had such a profound impact on students and non-students

alike that the ministry has now made it into a book. Due to be released in April 2019, this book will help accomplish the goal of going as far and deep with the Gospel as possible, helping more people find their sure foundation than ever before.

A Sure Foundation is based on chapter 4 of the Gospel of Mark, in which Jesus explains the significance of his parable of the sower. The Word of God is a seed planted in the heart of the receiver, and “So is the kingdom of God, as if a man should cast seed into the ground” (Mark 4:26). It takes time for the Word of God to spring up and start working in a person’s life, but it’s the nature of the Word to produce change. We

don’t have to understand how seeds work, but we do know that if a seed is properly cultivated and cared for, it will grow and produce a harvest. In the same way, the Word of God works inside us to produce good fruit in our lives.

Andrew formulates all his teachings through the study of God’s Word and does not start teaching on a subject or word from God until he internalizes it and has been meditating on it and living it for at least a couple years. He allows it to become a part of himself as he continues to fellowship with God until he starts to teach about it.

The course has certainly had a wonderful impact on the students.

So many people ask God to make them useful, but here, with the help of this class, students are learning to ask God to make them useable. This is what some of them have said:

“The title of the course is exactly what I feel like I am accomplishing in my walk with the Lord; a sure foundation. The Word is coming alive in my heart and bearing fruit. When I registered for this course I knew what I was getting into, it’s very clear and concise. I know I can testify there is measurable growth, it’s amazing what God is doing through [Charis]!” - Anonymous

“Andrew’s *A Sure Foundation* assures you that you are on solid ground in scripture and in this supernatural life we get to live. The parable of the wise and foolish builders in Matt 7:24-27 and Luke 6:46-49 says it all and Andrew makes sure you are on ‘solid ground.’” - Tim R.

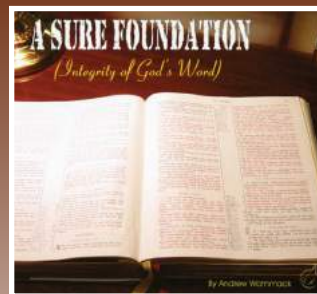

The more seeds you sow in the ground, the bigger your harvest will be. Likewise, the more attention you put on the Word of God, the more results you’ll have. Here at Charis, students have been blessed by Andrew’s diligent study of the Word. There is always more being revealed to him and to the other instructors at Charis - this school has been so richly blessed with their dedication and faith.

There is always more to share, and Andrew’s teachings are constantly getting better and showing students more of God’s heart through His Word. Andrew says, “After a time, I just had to come to grips with the fact that I can’t tell people everything I know at one time, so I just do what I can and let God use it.” He just keeps teaching and trusts that the students will be able to study the Word in the Spirit and pick up wherever his lessons have left off.

In addition to *A Sure Foundation*, there are a few more books in the works over the next few years, including a book about the power of imagination. With the support of Andrew’s partners, the ministry and the Bible college are able to make these teachings more accessible to more people. The Gospel is being spread as far and as wide as possible, creating a sure foundation for all who hears it.
