

WORLD OUTREACH

TRAINING LEADERS. TRANSFORMING LIVES. IMPACTING NATIONS.

GRADUATIONS AROUND THE WORLD

Another year at Charis has come and gone. The first-year students are excited for their upcoming second year; some second-year students will be going on to fulfill God's call on their life now, and some are returning to continue their education in one of Charis' specialized third-year schools.

After just one year at Charis, people's lives have changed for the better. Current first-year students are excited about what they've learned and how their relationship with God has progressed. This is what they're saying about their time so far at Charis:

"I loved my first year, it was better than I expected, and I can't wait for second year." – Lynn

"Everything just kind of blew my mind, all the stuff that I thought I knew, it was just awesome learning all the new truths. I'm ready to see what's happening next year, and I'm looking forward to third year because I want to do the media school." – Jake

"It's awesome and life-changing. It's hard to put into words, really. God is awesome, and I'm blessed to be here and thankful to be here." – Jane

Charis' third-year students are ready to go out into the world with the skills they have acquired in school and impact specific areas of society, from the media to the mission field. Here is what some of them are saying about God's call post-graduation:

TESTIMONY:

We were recently told that we had to be out of our school building a month before classes began. After 7 years at that location, we were given 2 weeks to find another location for Charis Bible College, Argentina. It was a bombshell!

BUT GOD is amazing! We needed a new location where we had room to grow. As this door closed, God opened another. Our new location is next to the Supreme Court building, so we can stay in the Centro area. We have rented this facility before for some of our guest speakers, and we also held our first graduation here. I thought it would be too expensive for us, and we would just use it temporarily, but they offered us an amazing price that we gladly accepted. It is a gift from God!

We are very happy with this new location. God has given us favor, and we are extremely blessed. The room for our meeting is double the size of our old room so now we can grow! We have 12 new registrations so far for this new semester. Right now, we have 43 first year students, 12 second year students, 2 apprentices, and 8 leaders who have graduated and keep coming to help. In our old facility we were cramped in like sardines. This new facility will give us room to grow. We are extremely blessed.
