

WORLD OUTREACH

TRAINING LEADERS. TRANSFORMING LIVES. IMPACTING NATIONS.

The Pioneer of World Outreach

You may know Wendell Parr is a Charis Bible College instructor beloved by students and alumni, but what you may not know is that Wendell and his wife, Linda, started the very first Charis location. It was their surrendered obedience to the Lord in moving to a new nation and starting this new location that opened the door for the global impact that Charis has made.

In 1997, Wendell and Linda Parr took the message of grace that changed their lives to the United Kingdom by establishing the first Charis location in the city of Somerset. This was an exciting first year for Wendell and Linda, and it was truly a work of pioneering. They had twenty students in the first year of Charis UK.

Wendell and Linda found this to be the most rewarding time of their lives, but as Charis UK continued to grow, Wendell and Linda felt they were called back to the states. The Lord had provided a faithful volunteer who was the right man to step in as the Director of the Charis UK, and this allowed Wendell and Linda to return to the United States.

After pastoring in Texas for a short season, Wendell was asked to return to Charis in Colorado to step in as the Director of Charis Bible College. In his time as Director, Wendell saw more Charis locations planted around the world. He saw a need to provide support for all these new locations

and ensure that all students, regardless of location, were having the same Charis experience that has changed so many lives.

In 2006, Wendell started World Outreach, which exists to spread the heart of Andrew Wommack all over the world by establishing Andrew Wommack Ministries and Charis Bible Colleges globally.

Since its start in 2006, we have seen World Outreach grow from one location in Colorado to having AWM offices in eighteen additional countries. These offices are taking the message of grace to the nations through translations of Andrew's television broadcasts, radio broadcasts, books, study guides, and much more.

The Gospel is going far through the international offices of Andrew Wommack Ministries. Because of YOU, World Outreach has been able to grow from one Charis location to fifty Charis locations. We have seen over 7,000 Charis students graduate since 1999 out of World Outreach Charis locations. That is over 4,000 graduates internationally and over 3,000 within the United States.

The Gospel is going deep through Charis Bible College. It is because of your obedience in partnering with us that World Outreach has spread to twenty-two countries and reached over thirty language groups.

Matthew 28:19-20 says to ***“Go therefore and make disciples of all nations”*** (NKJV). YOU are making disciples of all nations because of your partnership with World Outreach! YOU are changing lives and nations for generations!
