

WORLD OUTREACH

TRAINING LEADERS. TRANSFORMING LIVES. IMPACTING NATIONS.

A LIVING SACRIFICE DOESN'T NEED A WALKER

The thief cometh not, but for to steal, and to kill, and to destroy: I am come that they might have life, and that they might have it more abundantly.

John 10:10

Few places have been so nearly destroyed as Zimbabwe.

For three decades, the country suffered under the dictatorship of Robert Mugabe. Though a military coup managed to remove him from power in 2017, the damage caused by his thirty years of corrupt rule was not so easy to fix. A hunger crisis, economic collapse, and hyperinflation were just a few of the hardships that plagued the new administration. Then COVID happened.

If hospitals in the First World could barely handle the pandemic, Zimbabwe's health care didn't stand a chance. Infection rates skyrocketed as the government enforced strict laws, including a ban on intercity travel and a curfew from dusk until dawn.

Once again, the people were oppressed, stuck in a cycle that seemed never-ending. **But God always has a few surprises of His own.**

CHARIS REOPENING

"On March 15 2021, we were able to open the school after a prolonged lockdown," shared Keith Chigondo, Director of AWM/Charis Zimbabwe. "The worship, the

fellowship. Just hearing how they are applying the Word from Charis is amazing. People are being healed; people are being restored. We've got many testimonies, just amazing things!"

After reopening, our staff and students were determined to reclaim what the thief had stolen. Their focus for 2021 was to make converts, heal the sick, and raise disciples.

ONLINE RESOURCES

Though roughly 85 percent of Zimbabweans claim to be Christian, many have fallen into strange doctrines founded in manmade religion rather than following Scripture. Knowing that the truth of God's Word would bring freedom, Keith and his team focused on optimising their online platforms

so that free teachings, prayer, and contact information could be easily accessible to anyone in need. “We’ve been revamping our websites both for AWM and for Charis,” he continued, “which I think is a game changer.”

HEALING SCHOOL

The teachings shared on our website were not the only thing made available for free. **With healing being one of the country’s most urgent needs, Charis Zimbabwe launched its own Healing School.** They saw miracles right away. “One particular lady was suffering from cancer. She had lost a lot of weight, but after being ministered to, just in seven days she gained weight, and you could hardly recognise her,” said Keith.

While overseeing the launch of a new website, resources, and Healing School, Charis Zimbabwe did what it does best: it raised disciples. Even in the wake of lockdowns and rising unemployment, our locations in Harare, Bulawayo, and Mutare together saw a graduating class of 150 students.

AND THINGS AREN’T SLOWING DOWN!

“We’ve just completed our Charis Open Days,” Keith continued. “We’ve seen a huge registration; we’ve already exceeded last year’s numbers. We saw our partnerships triple last year because of the things happening, so we thank God for how the Gospel is forcibly advancing in Zimbabwe.”

The enemy tried his best to destroy Zimbabwe, but they are still standing. Even in the midst of lockdowns, political

unrest, and a shattered economy—the **Gospel is advancing like never before.**

To our friends and partners, we want to say thank you. Through your support of Charis World Outreach, the message of God’s unconditional love and grace is taking back what the enemy has stolen. If God can bring forth all of this fruit in the wake of such devastation, just imagine what surprises He has for us next!
