TRAINING LEADERS. TRANSFORMING LIVES. IMPACTING NATIONS.

Jolien and her husband who started a satellite church of their own after her amazing healing journey. They now help minister to others with the good news that God wants you well!

FROM DYING OF CANCER TO LIVING TO INSPIRE HEALING

And they overcame him by the blood of the Lamb, and by the word of their testimony.

Revelation 12:11a

With twenty AWM offices and over fifty Charis locations now strategically placed in countries around the world, Andrew's message of God's unconditional love and grace continues to shine as a beacon of hope for those in their darkest hour.

Such was the case with Jolien van Roosmalen, a young woman from Holland who, after receiving the news that she had cervical cancer, felt lost in the darkness of her diagnosis and without hope. Then a friend invited her to a healing event at our Charis location in the Netherlands. While there, the *Healing Journeys* video of Cindy Mezas was being screened, capturing Jolien's attention and her faith.

Did you know? Holland is made up of North and South Holland, coastal provinces of the Netherlands; Amsterdam, capital of the Netherlands, is in North Holland; the Netherlands has twelve provinces total; and nationals of the Netherlands are called *Dutch*.

Hope Restored

"When I went to the healing conference," Jolien recalls, "there I saw the healing journey of Cindy for the first time, and when I saw the video, it was like it was made specially for me."

Jolien continues, "She was a little bit like me: fierce and 'go all the way.' And she had the same problems—she also had cervical cancer. **I recognised so much in her healing journey . . . It gave me so much hope.**"

To Jolien's utter shock and amazement, Cindy Mezas, also from the Netherlands, was there in person at the event. When Jolien approached her, **Cindy laid hands on her and prayed a prayer so powerful, Jolien knew she'd never be the same.**

A Mind Renewed

As she then began to renew her mind under Andrew's teachings, meditating on truths from *Spirit, Soul and Body* and *You've Already Got It*, Jolien knew deep down inside that she had received her complete healing. When she went back to the doctor two weeks later for a routine checkup, they couldn't find a single trace of cancer in her body!

Healed, blessed, and wanting to share her testimony with as many people as possible, Jolien launched a satellite church with her husband, where they now witness the same supernatural power of God that not only saved her life, but enables her to live it to the fullest.

Jolien shared, “A few weeks ago, a woman came to us—she was healed in her hips. There is also a testimony about a man who was believing for freedom from cancer, and he was also healed. We have seen a crippled foot healed. We have seen a hernia in the neck healed. I always had it on my heart to find the solution for sicknesses, to heal people. And I was so glad to find out that God is our healer!”

Multiplication of Revelation

As for her friendship with Cindy, the two have remained close and minister together at healing events across the Netherlands, sharing the same revelations made available to them by our friends and partners.

“The revelation of healing for me was that God told me there is nothing between you and Me to receive,” shared Jolien. “You can just be healed by God—He wants you well. And that totally changed the way that I speak to people . . . I want them to know that God is a good God and that there is nothing they can do to earn their healing.”

As Jolien and her husband minister to others, the fruit of your partnership goes farther and deeper, expanding the power of God in the earth one testimony at a time.

This multiplication can only happen through the support of our World Outreach friends and partners. **Because of you, Charis campuses and AWM offices around the world continue to welcome new people in through their doors, stand with them in the midst of dark times, and help to bring the abundant life of Jesus into their lives.**
