TRAINING LEADERS. TRANSFORMING LIVES. IMPACTING NATIONS.

STOPPING PARALYSIS IN ITS TRACKS

But he was wounded for our transgressions, he was bruised for our iniquities: . . . and with his stripes we are healed.

Isaiah 53:5

Because of your faithful partnership with **Charis World Outreach**, we are planting Charis Bible College campuses around the world that boldly declare this life-giving truth: **healing is not a distant hope, but a finished work through Jesus.**

From nation to nation, **lives are being transformed** as students are grounded in the Word and equipped to stand confidently on what God has already provided. This includes Canada, where the most recent census shows that nearly one-third of people now identify as having no religious affiliation. In a nation where spiritual foundations are shifting, **the message of God's goodness** and His desire to make people whole is more needed than ever.

For one student at our Canada campus, that truth would be tested sooner than he ever imagined.

PREPARED FOR A BATTLE HE DIDN'T SEE COMING

For years, Jeff Paton walked with the Lord, yet he did not fully understand the healing power that already belonged to him in Christ. That changed when he

encountered the teachings of Andrew Wommack and enrolled at our Charis campus in Canada.

What Jeff didn't know was that the truths he was hearing weren't just renewing his mind—they were **preparing him for a sudden, frightening attack.** Without warning, a stroke struck the right side of his face, threatening to alter the course of his life.

Jeff recalled, **"My right eye was not blinking. The paralysis progressed to where, the next day, my entire face was totally sick. I couldn't keep food in my mouth when I was chewing. My whole face was drooping—it was very obvious."**

Instead of yielding to fear or what he saw in the mirror, **Jeff stood firmly on the truths he had learned** through Andrew's teachings and his time at Charis.

"I would stand in the mirror and command my face to move in Jesus' name," Jeff shared. "Then I would try to move it. It took another few weeks, but eventually I was able to do what I had been proclaiming—to whistle again."

The Word Jeff had planted deep in his heart became his anchor, and he declared God's promises over his body, refusing to let symptoms have the final say. Little by little, what he believed

began to manifest until mobility returned and **his face was completely restored.**

NOW SHARING THE VERY MESSAGE THAT HEALED HIM

Today, Jeff serves as the **Manager of Information Technology at Andrew Wommack Ministries Canada**, helping distribute the same free, life-changing teachings that once transformed his own life.

Jeff remembers, “It was difficult to go to work and have people see me or to stand up and speak in front of others. But it was worth it because I knew I was healed, and I wasn’t going to let the devil take away God’s glory in that healing. Now I have the opportunity to tell people about it.”

And he adds, **“When you refuse to give in, the devil can’t beat you because he’s already been defeated by Jesus. That’s Andrew’s teaching. He lives it, and he’s encouraged and motivated me to live it as well. And it’s working.”**
